

Viking™

FEED YOUR MACHINE

Viking™ Copper-Coated Welding Wire by NS ARC™ is a premium copper-coated import MIG welding wire that is well-suited for those who are looking for a reliable and cost-effective welding solution. This copper-coated welding wire is designed to provide superior electrical conductivity, improved arc stability, and excellent corrosion resistance during storage. With its consistent performance and reliability, Viking™ offers a dependable option for various welding applications.

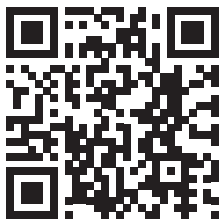

BENEFITS

- Improved Heat Conductivity
- Controlled Heat Transfer
- Improved Arc Ignition & Re-Ignition
- High-Speed Welding
- Smooth Wire Feeding
- Excellent Choice for Welding of Thin-Gauge Metal

APPLICATIONS

- Agricultural Equipment
- Automotive
- General Fabrication
- Heavy Equipment
- Trailers
